### SUMMER EVENING REVERIES.

It was one pleasant Summer eve,
I walked beside the rocky shore
Which girts so proud our noble lake,
And listened to the billows roar.

Nor was this all,—upon a bench,
Two maidens sat in girlish glee,
And mingled voices grandly sweet,
With Michigan's dull melody.

I crept me nearer to the spot;
'Twas wrong, I truthfully declare,
Yet I would know and listen well
To words which came from lips so fair.

"Oh, Mary Jane," the eldest said,
"Since smoke the Indians made divine,
'Tis strange to me so many men
To poor cigars their tastes incline."

I felt this truth—I knew it well—
There's truth in legendary lore,
I left the spot, and hastened down,
Nor halted till in ELIOT's store.

### The Land Grant Bill Passed.

The bill, giving the North-western grant to the consolidated La Crosse and Milwaukee Railroad Company, has passed both Houses of the Legislature by decisive majorities, and only needs the signature of the Governor to become a law. In the Senate the vote, on the final passage of the bill, was 14 to 10, and in the Assembly, 59 to 19. This very large preponderance in the popular branch is, in itself, strong proof that the measure is right in principle, and likely to be acceptable to the people. Regarding it as altogether the best plan that can be adopted, to secure the object of the grant, ensure the completion of the Road, and protect the interests of the State, we confidently anticipate for it the sanction of the Executive.

The contest has been earnest and animated, and the rivalry of local interests, as well as the calculations of personal or political advantages, have helped to complicate the question. It is fortunate, therefore, that the bill, as finally passed, owes its success to no particular section, and to no one party, but that it obtained the votes of members from all quarters of the State, and that a majority of each party in the Assembly sustained it. It was, to a considerable extent, a struggle between *home* and foreign interests, and it is a source of pride and satisfaction to know that the large majority of the Legislature stood up for our own citizens, and voted to give the grant to a home, rather than to a foreign company. Nor was it to Milwaukee alone, and her sister cities, or our Lake shore, that the disposition of the grant was all important. The whole country traversed by the proposed road, and the State at large, had no less an interest in the matter, and will share proportionally in the resulting benefits.

We congratulate the Legislature, then, on its wise and patriotic action. We congratulate the State upon this satisfactory solution of a difficult question. And we congratulate the La Crosse & Milwaukee Company upon the opportunity now afforded of showing to their fellow citizens of Wisconsin, that they are equal to the task and worthy of the trust confided to them. We cannot doubt that they will deal fairly and honestly by the State; that they will satisfy the expectations of the People; that they will justify the confidence which has been reposed in them, and that they will lose no time and spare no pains in pushing the grand enterprise, committed to their hands, to a speedy and successful completion.

### New Code of Law Practice—Swamp Land Bill.

The Legislature has passed a bill establishing, in this State, a new code of practice—the New York code we believe—a fact interesting to lawyers.

The Swamp Land Bill has passed both houses, and will, we presume, become a law.

### Mil. & Miss. R. R. Earnings.

## FROM MADISON.

**Editorial Correspondence of the Sentinel.**

MADISON, Oct. 4.

Both branches of the Legislature have now, by decisive majorities, passed the bill, giving the North-western grant of public lands to the La Crosse and Milwaukee R. R. Company and the North-Eastern grant to a new Company. Both measures are included in one bill and will stand or fall together. The debates though not protracted, were animated and spicy. The argument was clearly in favor of the disposition which was finally made of the lands, but what the opponents of the measure lacked in logic, they made up in unsparing denunciation and unprovoked personalities. I think that they weakened their cause by this course. The vote in the Assembly was unexpectedly strong, more than *three to one*, and a majority of each party sustained the bill. Speculation is rife as to the probable action of the Governor. By some, a veto is confidentially anticipated, because the bill as passed does not conform to the recommendations of the Message, at the opening of the Session, and on personal, or political grounds. By others, it is assumed with equal confidence, that if no constitutional objections can be urged against the measure and the principle of the bill be right, no minor considerations will have sway with the Executive, or induce him to withhold his signature.

I regard it as of such vital importance to the State that the question should be speedily settled, and look upon the bill as so just in its general features, to all interests involved, that I cannot believe the Governor will veto it. To do so, would be to hazard the success of any measure, at the present session, for the disposal of the grant; to subject the enterprize to serious delay and embarrassment; to introduce a new and disturbing element into the political canvass; to inflict a heavy blow upon the prospects of the La Crosse Company and the rising fortunes of our city and State; and to embitter and prolong a contest which has already worked much mischief. I know of no sufficient grounds of State policy upon which a veto could be based, and whatever personal, or political objections the Governor may have originally entertained, I am prepared to see him yield them to his convictions of public duty and considerations of public interest. The bill will probably be placed in his hands this evening and we shall doubtless know his decision by Tuesday.

The Legislature is rapidly closing up its work, and holds two sessions to-day, morning and afternoon, to get through. Several of the members are already starting homeward. To day Appropriation Bills and the Code occupied the Senate and the Swamp Land Bill the House. Both will probably pass. The Senate Committee have agreed upon $275,000 as the amount of tax to be levied this year. This, with the steadily increasing Bank and Railroad tax will, it is thought, yield sufficient revenue to defray all expenses.

Mr. CASSIUS M. CLAY addressed a very large and spirited meeting at the Court House Square last evening, in favor of Freedom and Fremont. He speaks very sanguinely of the prospects ahead, and goes hence to Pennsylvania, to help carry the Keystone for Liberty *and* Union.

R. K.

### The Railroad Land Grant.

The bill which has passed both Houses of the Legislature, and now awaits the Governor's signature, giving the lands to the consolidated La Crosse & Milwaukee R. R. Company for the building of the Northwestern road, contains the following provisions:

To build from *both* Madison *and* Columbus to the north-western terminus.

Both roads to be completed by the last day of December, 1858.

The lands to be applied exclusively to the building of the road, and disposed of only as the work progresses; 120 sections granted at once to the Company, and another 120 sections when 20 miles of road are completed, and so on. The sales of land by the Company not to exceed at any time 6 sections for each mile in operation.

Selections of land to be made at the cost of the Co., and approved by the Governor.

The Company to pay *four* per cent of its earnings into the State Treasury.

Pre-emption rights existing on the 3d of June, 1856, secured at $2,50 per acre.

Differences between the La Crosse Company and other Companies to be settled by a Board of Engineers mutually agreed upon.

Capital stock increased to Ten Millions.

### More Evidences of the Fusion between the Democrats and Know-Nothings.

The N. Y. *Evening Post* is credibly informed that a meeting of the friends of Buchanan was lately held in New York, which was attended by a leading member of the Fillmore State Committee, and by whom it was arranged that Fillmore's name was to be formally withdrawn about a fortnight before the election, in case his chances of carrying the election into the House seemed inconsiderable, and the friends of Mr. Fillmore were to vote for the Buchanan electoral ticket; in consideration whereof, the Buchanan men were to vote for Erastus Brooks, the rabid Know Nothing editor of the *Express*, for Governor.—The *Post* adds: "The Know Nothing State Committee man to whom we have referred, has since gone South for the purpose of ascertaining Mr. Fillmore's chances of getting his name into the House, and of making arrangements in Southern States like those made here, in view of the contingency to which we have alluded."

Mr. S. Vosburg, a democrat of Alabama, Seneca Co., N. Y., has been turned out from the post office in that place, and a Fillmore man put in his place.

In Oswego County, N. Y., the Fillmore men have nominated no candidates for Assembly, promising to support the Democratic candidates on the condition that they pledge themselves to oppose the Republican candidate for United States Senator.

### A Model Democratic Candidate.

John C. Breckinridge, the Democratic candidate for Vice President, in a speech at Hamilton, Ohio, on the 2d inst., thus attacks the Declaration of Independence:

> *The Declaration is an abstraction.* Put it in the Constitution and what would follow? It would follow that the Constitution must protect every man in his right to "life, liberty, and the pursuit of happiness!" * * * You would find it interfering with the institution of the States, and it would lead our country rapidly to destruction. But why do I speculate upon what it would do? Long before this our Union would become as INTOLERABLE and HATEFUL as its past has been beneficent and glorious.

### Nominations.

In Dane County, the Republicans have re-nominated the present Senator, Hon. H. H. GILES, for the Senate in the East district, and Gen'l H. C. BULL, of Madison, for the West district.

In Columbia Co., F. C. CURTIS is the democratic candidate for the Senate.

FREMONT IN CALIFORNIA.—When the news of Fremont's nomination arrived in California, three papers hoisted his name. Now the number is so increased that the political journals of the State stand thus:

Fremont, 14; Buchanan 16; Fillmore 10.

### From Kansas.

Mr. Updegraff of Ossawatomie, Kansas, reached our city yesterday, from Lawrence on the 21st ult. He was elected a member of the Free State Senate. He is a gentleman of unusual intelligence. He was in the fight at Ossawatomie, when it was attacked by Reed's forces. He was wounded in the fight. He reports that Gov. Geary is arresting all Free State men who have retaliated upon their plunderers, while the Border Ruffians go scott free. The crushing out is now to be carried out by civil process, under the laws enacted by the Missourians.—*Alton Courier, 2nd.*

### Extending Slavery into Kansas—A Farmer's Parallel.

The Buchanan papers affect to be very indignant that people should doubt their honesty, when they say they are not in favor of the extension of Slavery into Kansas, and point with an air of triumph to the sentence interpolated into the Kansas bill, which says it is not the intention of the bill to legislate Slavery *into* the territory nor to keep it *out*, as though all mankind could not detect the fallacy. Two neighbors, John Smith and James Brown, own a large tract of land together, but as they cannot agree about the manner of cultivation, they divide it, and build a fence between them. Smith plows up his land and plants it with corn. Brown raises hogs on his. After some thirty years, Smith grows rich, and Brown goes poor. His hogs have overrun his part of the land, and he looks with wistful eyes at Smith's corn fields, and says:—"We bought this land together. I have as much right to it as you have, and can feed my hogs on any part of it. So I propose that the fences be taken down between us." To this Smith objects, saying that if the fence is taken down, the hogs will destroy his corn. "I can't help that," says Brown. "I have as good a right there as you have." Finally, after much dispute between Smith and Brown and their families, *Stephen*, one of Smith's boys, goes over and tells Brown to go ahead and pull down the fence. Says he, "I want to raise hogs too, and down the fence shall come." So Brown and his hogs, with the aid of the traitor Stephen, do go to work and pull down the fence, Smith all the while remonstrating. "Why," says Stephen, "what is the use of all this fuss. Brown and I have agreed that nobody shall drive the hogs *into* the corn, and if they get in, nobody shall drive them *out*, but leave them perfectly free to do as they please." Now who does not see that Smith's corn will all be destroyed by Brown's hogs; and who will deny that the very object in tearing down the fence was to enable them to do so, all their protestations to the contrary notwithstanding.

### KANSAS AID.

The Free State settlers of Kansas are in a truly suffering condition for the want of clothes, provisions, and money. Every arrival and letter from there brings us accounts of suffering, and unless the people of the North send them timely aid, the coming winter will drive them from the Territory. Will the North now let the rigors of winter do what the Border Ruffians have failed to do?

Let Sewing Societies be formed in every neighborhood, and bed clothes, flannel shirts, stockings and other clothing be made and collected and forwarded to W. F. M. Arny, No. 11 Marine Bank Building, in Chicago, and they will be sent to Kansas.

Let Societies be formed also for the collection of money, and let all give who are willing of their abundance to help supply bread and clothing to these heroes who have so nobly stood by our rights in Kansas.

The National Committee will forward all funds, &c., that may be sent them with special directions, yet they would advise that money be sent them without restrictions. They will endeavor to use all monies placed in their hands for the best interest of Kansas.

All communications may be addressed to the undersigned.

Will all papers throughout the North favorable to Freedom in Kansas please insert this as long as they shall deem its publication necessary. By order of Committee.

H. B. HURD,
*Sec'y K. A. Committee.*

### Republicanism in Delaware.

The Republicans of Delaware have formed a Fremont and Dayton electoral ticket, and passed an excellent series of resolutions. The eighth in the series asserts that as States only can "institute or abolish slavery," property in man is not guaranteed by the federal constitution, but is merely a "privilege granted" by the State sovereignty. Hence it follows, that a "State may abolish it without infringing the constitutional rights of property." The ninth resolution declares that the national character of Slavery, and its prohibition from the Territory ceded by Virginia, were demonstrated by the ordinance of '87 and the law of Congress of '89, and sanctioned by Washington, Jefferson, Madison and Monroe, and that, therefore, "the objects of the Republican party are not sectional, but national." The tenth proclaims the necessity of devotion to the Constitution, and resisting all attacks upon it, either from the North or South.

A VALUABLE RECRUIT.—The following letter from Hon. J. ANUNSON, member of Assembly from Winnebago County, who was elected last year as a Democrat, is published in the Neenah *Conservator*. Mr. Anunson is a Norwegian by birth:

MADISON, Sept. 6, 1856.

A. G. LAGRANGE, Esq.:

DEAR SIR:—I have received a letter from Jas. H. Jones, of Winchester, in which he says that some of the inhabitants of Neenah are doubtful whether I am going to support John C. Fremont or Buchanan, in relation to this, I wil only say, as I have stated to you before, that I have decided to support Fremont, and also will do all that is possible in his favor. I have written to you before and stated that if you could give me the nomination, I should be willing to accept it, but by no means will I accept the nomination if you shall find it to be against the wishes of the inhabitants of our district. I have seen several of my countrymen in Dane County, and it looks favorable for Fremont. Yours, truly,

JOHN ANUNSON.

THE COALITION IN PENNSYLVANIA.—At Easton, Pa., the Buchanan and Fillmore men, who are beginning to coalesce, co-operated to prevent Mr. BURLINGAME's speech from being heard. After the Republicans had erected their stand on the public square, these two parties erected stands on each side of that put up for Mr. BURLINGAME, so that his speech might be suppressed by the combined noise and clamor of both the Buchanan and Fillmore men. By this means they forced the Republicans to leave their stand and hold their meeting elsewhere.

THE NEW CENT COIN.—Of this coin the Baltimore American says:

> The cent piece recently finished at the United States Mint, Philadelphia, is the size of the old half cent, and is composed of fifty-seven parts of copper, seven of nickel, and one of zinc. It has a light appearance, with a faint red tint, and is in beautiful contrast with the American silver and gold pieces, and will not, as the old cent did, tarnish them by contact. The weight of the new is only seventy-two grains—that of the present copper cent is one hundred and sixty-eight."

MORE FUSION.—The Grant Co. *Herald* says:

> The Wisconsin democracy are sending money every day for the Cincinnati *Dollar Times*, the leading Know Nothing order, and furnishing that paper gratis to all who boast the name of old Jackson Democrats or old *Henry Clay whigs*.—A gentleman of the town of Clifton, in Grant County, told us lately that people in that vicinity are regularly supplied with the *Dollar Times*, from some unknown source, free of charge.—We presume that Know-Nothing sheet is also furnished gratis at Potosi, Beetown, Hurricane and Wingville, and wherever a doubtful voter can be found.

### Levying Contributions.

WASHINGTON, Oct. 1.

The Clerks in the Treasury Department under Peter G. Washington, were notified, on receiving their monthly pay, that they were assessed in the sum of about ten per cent. on their salaries, to be used for electioneering purposes in the State of Pennsylvania. All who refused to pay were required to state the fact under their own signatures. I have this from a reliable source.

LAKE SHORE R. R.—A company of Engineers, R. K. Gregory, Chief, commenced yesterday to make the survey and locate the line, east, of the Milwaukee, Green Bay and Superior Railroad.—We learn that our citizens have taken hold of this road in earnest, and have subscribed a large amount of stock. We also learn that the citizens of Depere and Howard are alive to the benefits this road will confer on all, and have subscribed liberally.—*Green Bay Advocate.*

### Letter from Henry G. Webb, one of the Democratic State Electors, declining the position, and renouncing bogus Democracy!

We have received, with the request to publish, the following letter from Mr. WEBB, whose name has been frequently used in our columns, in connection with a charge of his being a member of the Know Nothing order, while a candidate for Elector on the Democratic ticket. Personally, we do not know Mr. Webb, and know nothing of his antecedents. Responsible persons made the charge that he was a Know Nothing, and we published it. Mr. WEBB denied the charge, and we published the denial. The *News* and the democratic journals generally, have denounced us for publishing the charge, and endorsed Mr. Webb's democracy to the fullest extent. So the matter stands, when there comes this letter, which is written with a logical clearness which shows Mr. Webb to be a know-*something*, and which we commend to the careful consideration of every democrat in the state:

RIPON, Sept 25.

*To the Democratic State Central Committee, of and for the State of Wisconsin:*

GENTLEMEN:—To you, and to the people of this State, it is known that at the Democratic State Convention assembled at Madison, in August, 1855, I was nominated as a candidate for Presidential Elector, in the Third Congressional District. I was a member of that Convention.—You will remember that a resolution was introduced in that convention approving the course and policy of the Pierce Administration, which passed by a large majority. Among the votes *against* the adoption of said resolution, the record will show mine. At that time, people were speculating as to who would receive the Democratic nomination for the Presidency; and among the names mentioned in connection with that position were found those of Pierce, Buchanan, Douglass, Dickinson, Benton, and Houston. Opinions were expressed by several members of the Convention indicative of their respective preferences, and I am free to admit, that, of the persons named, James Buchanan was my choice. I said then, that "in no case would I support either Pierce, Douglas or Dickinson; but that freely and cordially would I work for the party and its principles in the event of James Buchanan's nomination." I am no less one still.

In June last the Democratic National Convention met at Cincinnati. I was pleased with the choice of that Convention when I first received the news that James Buchanan was nominated. Various reasons there were, which operated upon my mind, each furnishing evidence of an attachment and adherence upon the part of Mr. Buchanan to the real principles of the Democratic party. But I must say that contradictory evidence, now presented to the public mind, fully and completely deny the existence of either such attachment or adherence. While I believed Mr. Buchanan to be wedded to the principles of the democratic party, I was willing and glad to be found associated with those persons who avowed an intention to support him, and avowed on my part the same design. But no longer do I regard him as a democrat, and it is proper that I should furnish to the world the reasons which have induced the change of convictions with me, and the corresponding change of action.

In his letter of acceptance, Mr. Buchanan discusses but two topics—"Domestic Slavery," and "Our Foreign Policy." All the other measures which have in times past divided the two great parties, Mr. Buchanan treats as "old *and extinct* party issues."

It cannot be claimed that the subject of our Foreign Policy, as presented in the Cincinnati platform, is, or ever was, a democratic party measure. It is a new project, prompted in the first instance, by the interest and cupidity of the slave power, and foisted upon the Democratic party to insure its ultimate success. Upon this question Mr. Buchanan's letter of acceptance, of itself, may mean anything or nothing. But when we put the famous Ostend circular, the resolutions of the Cincinnati Convention relative to the "great highway of nature, between the Atlantic and Pacific oceans," the speech of Mr. Buchanan to the Keystone Club "that he had been placed upon a platform of which he most heartily approved," and the cunningly worded letter of acceptance, together, we find him committed to a course of policy aggressive in its character, and infamous in its objects.

The subject of Domestic Slavery, then, being the *only* "old party issue" that is not "*extinct*," according to Mr. Buchanan himself, let us see what the *democratic* doctrine upon that question has been in respect to the territories, to which he tells us "it now seems to be chiefly directed.

In examining the course of the Democratic party upon this question, I do not deem it at all necessary to go back very far. Ten years are far enough; for down to that period Congress exercised the power of legislating upon the question of slavery in the territories, whenever called upon. In the laws for the organization of the territories now constituting the States of Ohio, Indiana, Michigan, Illinois, Wisconsin and Iowa, slavery was *expressly prohibited*. The laws for the organization of the Territories of Mississippi, Orleans, Arkansas, Alabama, and Florida, contained enactments fully equivalent in regard to the extent of power in Congress over the subject of Slavery in the Territories, to the express exercise of which Presidents Washington, John Adams, Jefferson, Madison, Monroe, Jackson, and Van Buren, gave their official sanction. The same power was exercised in the act admitting Missouri into the Union, in the adoption of the "compromise," excluding slavery north of the line of 36 deg. 30 min.; and again in the Joint Resolution admitting Texas into the Union.

In 1846, to a bill then pending in the lower branch of Congress, proposing to appropriate two millions of dollars with which to acquire territory from Mexico, in the event of our negotiating a treaty of peace with her, Mr. WILMOT, of Pennsylvania, offered as an amendment, a proviso, "that in Territory acquired by means of such appropriation, neither slavery nor involuntary servitude should ever exist, except in cases for the punishment of crime." This proviso was adopted by a majority of nineteen votes, *every democratic member* from the free States voting in favor of it, with two exceptions only.

The bill thus amended having passed, it went to the Senate, and was pending therein when the Senate adjourned on the 10th of August. It will be remembered that a joint resolution for an adjournment had been previously adopted. When the bill came up on the morning of the 10th, "honest John Davis," got the floor, and talked the time out, so that at 12 o'clock the Senate stood adjourned, and a vote was not taken upon the bill. And it will be remembered also, that immediately upon the adjournment being announced, Lewis Cass crossed over to the seat of Mr. Davis, and stated to the latter, that "*he had done wrong in consuming the time of the Senate and depriving it of the privilege of voting upon the question; that the proviso was ground from which no Northern man could recede—ground from which no Northern man should recede if he could.*"

In 1844 James Buchanan and David Wilmot stumped Pennsylvania side by side for James K. Polk. During the Administration of Polk, the Oregon Territorial government bill was passed by a Democratic President, and *that bill contained the Wilmot Proviso.* It is true that President Polk sent in to Congress a special message assigning his reasons for approving the Oregon Bill, among which was the important one that the Territory restricted against Slavery was NORTH of the Missouri Compromise line. In that message President Polk said, "If any portion of said Territory were SOUTH of that line, a different question would have been presented." No objection was made upon the ground that Congress had no constitutional right to legislate upon the subject of Slavery in the Territories.

During the administration of President Polk, James Buchanan was Secretary of State—was one of the constitutional advisers of the President. Did Mr. Buchanan agree with President Polk, that the Oregon bill was constitutional?—Undoubtedly he did. In his letter of August 25, 1847, in reply to an invitation on the part of the Democratic citizens of Berks County, Pennsylvania, to attend the Harvest Home celebration, Mr. Buchanan proposed, and advocated the extension of the Missouri Compromise line to the Pacific Ocean, and was so happy over the project that he submitted a toast with his letter, to be read on the occasion, as follows:

"*The Missouri Compromise:*—Its adoption in 1820 saved the Union from threatened convulsion. Its extension in 1848 to any new territory which we may acquire, will secure the like happy result."

And a year later, in a letter dated August 21st 1848, addressed to T. Sanford, Esq., referring to his Berks County letter, Mr. Buchanan says: "Having urged the adoption of the Missouri Compromise, the *inference is irresistible, that Congress, in my opinion, possesses the power to legislate upon the subject of Slavery in the territories.* What an absurdity it would then be, if, while asserting the sovereign power in Congress, *which power*, from its nature, *must be exclusive*, I should in the same breath also claim this identical power for the population of a Territory in an unorganized capacity." "They (the inhabitants of a Territory) can neither interdict nor establish Slavery in a State Constitution."

The only difference between the Missouri Compromise and the Jefferson, or Wilmot Proviso, is, that the former is sectional, and the latter is general; the former prohibited slavery north of 36 deg. 30 min.—the latter was intended to prohibit slavery in all territories, north or south.—The constitutional power to enact one, will warrant the adoption of the other.

Then, when the entire Democratic party north, ten years ago, sustained the Wilmot Proviso, and when two years after a Democratic Congress passed, and a Democratic President approved the Oregon Bill, containing the Wilmot Proviso, they were simply continuing the established practice of the Democratic party, and Democratic Presidents. And the opinions and sentiments of James Buchanan, avowed by him in 1848, were but the expression of long established principles and practice of the Democratic party upon the question of slavery in the Territories—that Congress possessed the sovereign and *exclusive* power to legislate upon that subject.

When was this doctrine first denied? So far as the Democracy are concerned, I think I am safe in saying that it was first denied by Lewis Cass, in his well remembered letter to A. O. P. Nicholson Dec. 24th, 1847; and in this letter Gen. Cass expressly stated that "*a great change* had been going on in the public mind upon this subject, in *his own* as well as others." It is not necessary at this time to discuss the reasons or the occasion for that change, so far as relates to Gen. Cass. In May 1848, the Democratic party sanctioned the strange and wicked dogma thus put forth by Cass, and nominated the author for President. I believed Cass wrong then, and the democratic party wrong, and I withheld from both my support. I was nevertheless attached to the old principles of the democratic party. I had no reason to doubt the position of Mr. Buchanan; he maintained the right and power of Congress to legislate upon the subject of slavery, in August, 1848, which was after Cass' letter to Nicholson, and after the sanction given by the Democratic National Convention to that letter in May, 1848; and the inglorious defeat which overtook Gen. Cass in that year, is convincing proof that "the change in the public mind" was not so great as he had supposed.

I had no reason to doubt the position of James Buchanan, down to the time of the Cincinnati Convention. There is no evidence, of which I am aware, that Mr. Buchanan ever endorsed the doctrine put forth by Cass, at any time prior to his accepting the Cincinnati nomination, in June last. I have shown what his position was in 1848. He was in private life from the close of Polk's Administration, until President Pierce appointed him Minister to England, in 1853. He was abroad when the "ruthless hand" of Douglass struck down that solemn compact which had so warmly enlisted his sympathies in 1847-8.—He took no part in the political tragedy which resulted in the passage of the Kansas-Nebraska act, and the inauguration of the doctrine of "Squatter Sovereignty." He returned home in May last without having uttered or placed on record, a single sentiment, approving of the doctrine that Congressional legislation upon the question of Slavery in the territories was *unconstitutional*—that the sovereign power on that subject was *not* in Congress, but *was* in the "people of the territories in an unorganized or territorial capacity."

When Mr. Buchanan accepted the nomination and endorsed the Cincinnati Platform, I was astounded. It was a complete somerset at one bound. I doubted and hesitated. As the time passed, my doubts were resolving themselves into convictions. But I deferred announcing my intention to withdraw from the Presidential contest as a candidate for Elector, for the purpose of giving ample time for Mr. Buchanan to put himself right upon the record, and before the people; and that too, in the full belief that he would do so. That time has now elapsed, and we have no different exposition of his views.—He has said that he has no desire to enlarge or diminish the "democratic faith," as declared at Cincinnati. This does not satisfy me.

Does any man believe that Lewis Cass, in 1848, understood the Constitution, under which he had held office for forty years, then having passed the meridian of life, better than he had formerly done, while in the midst of his official duties, and in the zenith of his manhood? Gen. Cass wanted to be President; new territories had been acquired the Slave States wished to extend Slavery and would support no man favorable to Slavery prohibition. He turned a complete somerset in a little over one year—and he received his reward.

Does any one believe that James Buchanan understands the Constitution better in 1856, than he did in 1848, when a cabinet officer, and a constitutional adviser of the President?—better than he did during a long series of years as a member of each branch of Congress?—better than its framers and early expounders? James Buchanan is ambitious, and his views, as expressed eight years ago, stand in the way of its gratification. A "change" was necessary—that the ambition of his whole life might be gratified.

It is true that Silas Wright's resolution of '36 is retained and reaffirmed in the Cincinnati Platform. And it is not only reaffirmed "with renewed energy of purpose," but I understand the party to expound it differently at this time, than in the manner in which it was understood twenty years ago. At that time Anti-Slavery agitation was confined to the question of Slavery in the States in the District of Columbia, and the domestic Slave trade. The Democratic party opposed the agitation of these questions, treating them as inexpedient and improper—the party holding then, as now, to the doctrine of *State* sovereignty. It was in view of this question of expediency that Silas Wright drafted the resolution declaring "that Congress has no power to interfere with or control the domestic institutions of the several States," etc. No reference is made in the resolution to "Territories," for there were none in which the question was open. And that resolution was then understood to mean that it was unadvisable and dangerous for Congress to attempt to legislate over or concerning the domestic institutions of the States. But now, Democrats undertake to construe said resolution so as to embrace the question of Slavery in the Territories and to deny to Congress the power to act in the premises, and to prohibit slavery extension by positive law. They make that resolution to involve a question of constitutionality, instead of expediency.

The Cincinnati Platform endorses the doctrine of Cass—the squatter sovereignty doctrine of Douglass, and the administration of Franklin Pierce. I opposed the election of Gen. Cass.—I distinctly announced, before my nomination, that I would not support *either* Douglass or Pierce.

Mr Buchanan puts himself upon the Cincinnati platform, content with it as it is, without attempting to say for himself what it is. He is therefore in the unfortunate situation of allowing other people to speak for him. From such interpretation, I for myself dissent. Having had time to put himself right, and failing to do so, I am led to the conclusion that those who speak for him, do his work as he would do it himself.

Then, gentlemen, believing as I do, that Congress has the power under the Constitution to legislate upon the subject of Slavery in the Territories, and that it should exercise such power so as to prevent the farther extension of Slavery—and that James Buchanan, if elected, will but continue the abhorrent measures and policy in that respect, of Franklin Pierce, against the endorsement of whose Administration I labored and voted in the State Convention, I am forced to the position of casting my vote against Mr. Buchanan, because I cannot give my support to measures I do not approve. To retain my present position as a candidate for elector, and oppose the candidate of the party which nominated me, would be to betray and do violence to that party. Therefore, gentlemen, I hereby tender, and you will please accept, my resignation as a candidate for Presidential Elector.

Understanding, as I do, that Col. John C. Fremont, is a firm and reliable democrat, as democracy was known and expounded by the party in its days of purity and fidelity, and knowing that he is both right and democratic upon the subject of Slavery, and opposed to the plundering policy of the Ostend Circular, and the squatter sovereignty, or pro-slavery dogmas of the Cincinnati platform, I shall give my vote, and exert whatever influence I possess, for Fremont and Freedom.

Very respectfully,
Your Ob't Serv't,
HENRY G. WEBB.

### "Lady Grace."

BY "EPH" OF "OURS."

Saw ye ever our LADY GRACE,
With her delicate cheek and sparkling eye,
And gossamer textured lids that lie
Like vapory clouds that hide the blue
Of heaven, while sunlight trembles through,
Its tempered radiance lovelier far
Than the beams of its noonday glories are?

She is lovely, our LADY GRACE,
With her flowing tresses of golden hair
Kissing a cheek that is soft and fair,
Then, falling wantonly down, they deck
Her snowy, delicate arched neck
Like glistering rays, when day is low,
Gilding a pinnacle white with snow.

Her voice is sweet, our LADY GRACE,
And she often sings at the even time
Some quaint old song in a careless rhyme;
And a dew will fall on the quivering cheek
Of a silent sadness, too sweet to speak,
As out on the air of evening floats
The sound of her sweetly warbled notes.

But she's haughty, our LADY GRACE,
With the queenly curl of her coral lips,
(The gloom of a gracious smile's eclipse,)
The pride of her haughty soul expressed
By the swellings of her swan like breast,
And the nervous tread of her dainty feet—
A tremulous music low and sweet.

She is going, our LADY GRACE,
She will yield the wealth of her youthful charms
To the guardianship of a stranger's arms;
Well! be it so; may her pathway be
Still on through a sweet serenity.
Despite the scorn of thy haughty face
We love thee, beautiful LADY GRACE.

### MARINE INTELLIGENCE.

MARINE DISASTER.—We omitted to notice, on Saturday, the collision between the barque *Morgan*, bound to Chicago with a load of lumber, and the propeller *Iowa*, off White Fish Bay, on Thursday night. The barque was badly injured, and was waterlogged, being cut from her rail to her keel, her quarter sagging down. She was towed into the bay by the steamer *Huron*, and, on Friday, the same steamer towed her to Chicago.

COLLISION—VESSEL SUNK.—Intelligence was received here, yesterday, that the schooner *Defiance* is sunk in Lake Huron, off Saginaw Bay. She came in collision with the brig *Wm. Treat*. Both vessels belong to the Lake Navigation Co. The *Defiance* was loaded with wheat shipped here by Messrs. Geo. Steele & Co., which was fully insured. The Lake Navigation Company do not insure their vessels.—*Chicago Press.*

THE GALE OFF CLEVELAND.—During the whole of Sunday, up to a few minutes past 4 P. M., the wind blew strong from the Southward, and at that time hauled in a moment to the Northwest, and blew with tremendous force.

The bark *Sturgis* was off some five miles, and came in handsomely, as did two or three smaller sail vessels.

The steamer *Southern Michigan* was laying at the Railroad Pier outside the harbor, without steam, but as soon as she could get it up, put for the islands. She returned during the night.

The propeller Cuyahoga, Capt. Beckwith, was some six or eight miles below, and pretty well in shore. She headed out and was doing well, when the belt which holds the band which holds the nigger head of the rudder broke—The tiller was rigged and that broke. Her anchors were then let go, but the bottom was clay, and she dragged a mile when reaching better bottom held fast.

The squall lasted two hours, and by 9 o'clock there was but little wind, but the waves running high. At midnight the Cuyahoga, having rigged her steaming apparatus, came in.—*Chicago Tribune.*

Fever and Ague Cured

WITHOUT USING QUININE, Arsenic, Mercury, Opium, or any of the poisonous drugs, or dangerous compounds generally resorted to by sufferers from this long drawn, most afflicting and annoying of all diseases, by resorting to Carter's Spanish Mixture, which contains none of the above deleterious substances, but cures effectually and fully by acting specifically on the Liver and Skin, Purifying the Blood and expelling the remains of old medicines with which the system has been clogged, opening the pores of the body, and allowing nature to assist itself in breaking up the disease, and recuperating its energies.

See the cure of Mr. John Longdon, of Va.; he had fixed and chronic Ague and Fever; chills twice a day for three years. Nothing permanently cured him until he tried Carter's Spanish Mixture, three bottles of which restored him to health; nor has he had a chill since. He is only one out of a thousand who has experienced the life renewing effects of this valuable purifier of the blood.

Chills and Fever.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, JR., No. 195 East Water street.

N. B. One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED. W. THAYER, 697 Washington street, Boston.

### CIRCUIT COURT, OCT. 4.

JUDGE RANDALL PRESIDING

R Lewis Phillips was tried for burglary and attempted larceny at the American House and found guilty. The jury recommended him to the mercy of the Court on account of his youth

The case of Richmond vs Guerin was set down for this morning

Court adjourned to 10 o'clock this morning

PORTAGE CITY BRICK.—Our friend H W Tanner, formerly of this city, but now of Portage City where we are told, he has made a plum or two for his old age, was in town on Saturday. He brought with him a [illegible] brick, a fair sample of the quality made at Portage City. They are of a yellow color, like the most of those made here. This we do not consider to be much in their favor, but many people do not. In evenness of color and solidity they are as good as can be made. They can be seen at our office by any who doubt that Portage possesses good building material. The brick [illegible] to the city and for builders without long carriage.

BEAR AND TIGER ON EXHIBITION.—On Spring street West of the American House, is the largest and best trained Bear on exhibition we have ever seen. Also a Brazilian spotted Tiger well trained. Yesterday, while the keeper was performing with the Tiger, the animal became enraged and struck his claw into the face of the keeper. The process of clipping the claws was performed while we were present, which was accomplished with no little difficulty, the Tiger [illegible] and being large [illegible] from the post to which he was chained. The show is worth seeing, and no humbug. It will be on the State Fair Ground.

### New Publications.

COLTON'S ATLAS OF THE WORLD. J. H. COLTON & CO., New York.

Mr McCarty, the agent of the publishers of this splendid series of maps is in town, and will offer the work to our citizens. If they desire the large work, as published in two volumes at $20, it can be had; but the publishers are just getting out another edition, giving the same maps precisely and the same letter press, printed on the back of the maps, thus making the work less cumbrous, at $18.00.

To those who have seen this splendid specimen of American mapping, we need not say a word; to those who have not we commend the following, from the report of the American Geographical Society:

The size of the Atlas is that known as super-royal folio, and contains 110 sheets, in which are exhibited 180 maps and plans. The work has been a costly one in its preparation, having required an outlay of not less than *sixty thousand dollars*.

The maps are beautifully engraved, and the lettering especially is neat and distinct.

In addition to the maps, the volume contains sheets of letter press of descriptive matter that appear to have been compiled with care and present a very large amount of valuable statistical information condensed into a small compass. It also presents six or eight maps of the world, showing the general features of its physical geography.

An unusually great care appears to have been taken in combining the latest and most correct information as to the Eastern Hemisphere. We have seen no Atlas that can rival it in this department.

As to the Western Hemisphere and particularly North America, it is decidedly (in our view) superior to anything yet produced. In the department of the United States it is exceedingly minute and accurate. No pains have been spared to make it so. All former maps, personal explorations, a very extensive correspondence, a thorough examination of the original documents, maps and reports in the offices of the General Government, books of travel, etc., have been resorted to, to make the work what it should be.

The result has been the best Atlas of the United States ever yet published, and one which may safely be resorted to by the geographers of the other hemisphere. There will be found every county, township and town in all the States of the confederacy, post towns, railroads completed, projected and in progress up to this time, and plans of most of the larger cities and towns.

To this part of the work the Committee would particularly refer with pride, as affording evidence of the progress we are making in geographical science, and of the artistic skill which our country possesses in map engraving and printing.

HORTICULTURAL SOCIETY.—We are requested to call the attention of members to the regular meeting for October, to take place this afternoon at 5 o'clock, at the rooms of the Young Men's Association.

## CALEB WALL.

### City Land Office.

THE GREAT AND EXTENSIVE sale of Lots in Kilbourn City. I would remind all capitalists and all who want to secure themselves a home, in one of the most important cities on the Wisconsin river, to attend the sale of Lots in said city, which commences on the 1st day of October and continues three days. I do sincerely believe that there is no property that has been offered for a long time in the State of Wisconsin which offers so great inducements as the said property in Kilbourn City.

All will please remember that it is a great and important point where the La Crosse & Milwaukee Railroad Depot centres, which road will prove the most important and most profitable road in this great and flourishing State.

The terms of Sale of the Lots are very easy, one third cash, balance in 1 and 2 years, with 7 per cent interest.

The cars leave the La Crosse Railroad Depot every morning for Beaver Dam, from thence you take Stage conveyance to Kilbourn City, to which place the cars will run in about four or five months

### CITY AUCTION ROOM.

GREAT and extensive sale of Dry Goods on Tuesday morning, next, Oct. 7th, at 10 o'clock, I will sell from the Steamer the good [illegible] of dry goods as follows:—Red Flannels, White Flannels, Cotton Flannels, Satinetts, Broad Cloths, Cassimeres, Merinos, Alpaccas, Coat Lining, Delaines, Print Blankets, Table Cloths, Gloves, Velvet Mitts, Stockings, Brown Sheeting, Bleached Shirtings, Knitting Yarn, Ginghams, Tickings, Denims, Cambric, Buttons, Striped Shirting, Suspenders, Comforters, Wadding &c, &c, with a variety of other articles too numerous to mention. Sale is for cash.

### CITY AUCTION ROOM

AUCTION SALE of valuable business property in the 5th Ward on Saturday morning, the 17th day of October next, at 10 o'clock A. M. I will sell on the premises the following described property. It is 90 feet front and 140 feet deep, being lots 1, 2, 3, 4 and part of lot 5 in block 4, or its better known as the old [illegible] occupied by the Menomonee Locomotive Works. This property should have been laid off into business lots long before this, but could not be obtained. The purchaser of the lots has been induced, from the demand, to give to all an opportunity to purchase the said property for the purpose it always was intended. These lots are on Reed street. If any one will take the trouble to go along Reed street, they will find as handsome and as large brick stores building as there are on East Water st. This Reed street is bound to be and must be the business street of the 5th Ward. The Menomonee Bridge crosses immediately at the commencement of it, most all of the Railroad Depots centre immediately opposite. The Menomonee River which is opposite will and must be the principal river for all business purposes. Much might be written and said about this valuable property, but if all would go and look and examine the situation and location of all business around it, you can come to no other conclusion than that it is the spot for business in the Fifth Ward, and so far as my judgment goes the Fifth Ward is, will and must be one of the principal, and the the most important Wards in the city of Milwaukee.

The terms of this sale are very easy. 10 per ct. down on the day of sale. 20 per ct in sixty days. 20 per ct. in one year. 25 per ct. in two years. 25 per ct. in three years, at 7 per ct interest [oct2] CALEB WALL

### City Land Office.

GREAT and extensive sale of all the Machinery, Engines, Tools, Patterns, Irons, Moulds, and everything of every character whatever, which are now in use in the Menomonee Locomotive Foundry in the Fifth Ward. I will commence to sell the same on the 8th day of October next, and I will continue the sale from day to day, until all and every article is sold. The said Company having now been dissolved. The amount of machinery, tools &c &c, cost upward of twenty thousand dollars, but it will be sold for whatever it will bring. All who are engaged in such establishments had best be on hand.

PINNEY YOUNGS' PATENT SAWING MACHINES.

PATENTED JANUARY 30, 1855.—REISSUED OCT. 2, 1855.

THIS IS TO CERTIFY, That we purchased the first Siding Mill of the Pinney Youngs, of Milwaukee, and that we have run the same Machine at our Mills at Bay de Noque (Mich) for the past two years and that it has exceeded our expectation. We have no less than Two Thousand Feet, superficial measure, per hour, and upon a trial that twelve hours we cut 32,164 feet, superficial measure of Flooring and Siding
N LUDINGTON & CO

Milwaukee Sept 18th 1856

This is to certify, That we have used one of Pinney Youngs' Patent Sawing Machine or Siding Mills for about one year and find it the most perfect Machine we have ever seen. It is easily kept in order. We have expended but a shilling for repairs on it as yet. We have never seen any Machine of the kind that will in any way compare with this. It will cut nearly or quite double the amount of Lumber in the same time of any other mill we have ever examined.

The man that runs it has offered to bet one thousand dollars he could saw in his Siding Mill Fifty Thousand Feet of Lumber within twenty four hours. The Lumber sawed in this mill is of uniform thickness, which is not the case with any other we have seen.

We really would not exchange our Machine for any other for making use of as a Stock Saw, for our own use.

Gents—We have in use, in our mill at Peshtigo Green Bay, two of your Sliding Machines and find them to answer our expectations in all respects. We refer them to any we have ever used, or of which we have any knowledge. From the report of our superintendent, we learn that one of your Machines cut during the week ending July 1st 155,318 feet of Lumber—fencing and flooring—being about 21,000 feet every twenty four hours. For durability of construction, simplicity and the equal thickness of the lumber they cut, these Machines are [illegible] trial

### TO LUMBER MANUFACTURERS AND DEALERS.

**VALUABLE** Property at private sale, situated on the Straits opposite Mackinaw, and on the Sheboygan River, containing about 13,000 acres of land, a large portion of which is heavily timbered with best qual ity of pine. The improvements on this property are, 1st—the village of DUNCAN, on the main land South Channel or pass in a large steam Mill, of modern construction with Siding Machine Shingle and Lath Machines and capable of manufacturing fifty thousand feet of lumber in 24 hours. also, Hotel, Land Office Store, and sundry dwelling houses and Smith shop. The Sheboygan Steam Mill, on and near the mouth of Sheboygan River. The Sheboygan Water Mill, one mile from the mouth, with dwelling houses, barns &c. At Duncan a Pier is erected, extending out to a sufficient depth of water to accommodate any vessel navigating the Lakes. This is admitted by navigators, by reason of the bay and Pier to be the best Lake Harbor between Detroit and Chicago—it is a desirable Wooding and Coaling Point, being on the direct route for Propellers and sailing vessels. This property is desirable as a point at which a town must soon grow up, as the country back of it is fast filling up, for many miles, with settlers.

*The Sheboygan Water Mill* has the entire power of Sheboygan River, a never failing stream of great volume, which never freezes. The dam being at the falls of the river is easily kept in repair. This is the most valuable water privilege in the State of Michigan, north of Grand Rapids.

To a company of individuals, desirous of entering into the lumber trade this property offers rare inducements with a certainty of greatly increased value in a very few years and will be sold much below original cost, or present value, to close a concern.

For terms, which will be accommodating, apply to
JOHN A. DUNCAN, Executor, &c.
Wilmington, Delaware.

**A RARE CHANCE TO PURCHASE PROPERTY**

IN A RAPIDLY GROWING CITY IN

***SOUTHERN WISCONSIN!***

—o—

**Three Hundred Lots at Auction,**

IN THE

**CITY OF JANESVILLE, ROCK COUNTY, WIS.**

—o—

**WILL** be offered at public sale on the 23d day of October next, THREE HUNDRED CHOICE LOTS situated around, and all within 900 rods of the Union Depots of the Milwaukee & Mississippi, Chicago St. Paul and Fond du Lac and Southern Wisconsin Railroad Companies being among the choicest property within the limits of the city.

Next to Milwaukee Janesville ranks as the most flourishing and healthy town in Wisconsin. Without any excitement in speculation to hasten or force on its progress, from the beauty and healthfulness of the situation, its extensive water power,) the Rock River affording two powers within the city) and the fact that it draws the trade of a large district as rich in agricultural resources as any in the Great West, the town has had a steady, and at the same time a rapid growth. The number of inhabitants, now exceeds 9 000 and visitors cannot fail to be impressed with the evidences of business and enterprise presented on every hand.

By the completion of the Chicago road, the place is brought within two hour's travel of the Great Emporium of the North west, and this connection is destined to make rapid advances in the growth of Janesville, and the prosperity of all the country round about. The Southern Wisconsin road leads in from the west, and will be in operation, next summer, as far as Monroe, the county seat of Green county, thirty miles distant. In the course of the next two years, this will be the centre of five railroads, and even now it is the great produce market of southern Wisconsin.

The Rock River Valley is the garden of the Northwest, unsurpassed in its natural resources, and everywhere presenting beautiful landscapes of prairie and Oak openings.

The attention of all who wish to avail themselves of an opportunity to make profitable investments, or to purchase a site for a home, is solicited. Abstracts of title, and particular information can be had from the undersigned.

Terms of sale—One fourth cash, and the remainder in equal instalments at one, two and three years—interest seven per cent, and security on the property.

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.

We would say to

who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

WILL EFFECTUALLY CURE

**LIVER COMPLAINT, DYSPEPSIA, JAUNDICE,**

*Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.*

Such as Constipation, Inward Piles, Fulness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits.

The proprietor in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

### New Publications.

C[illegible] OF THE WORLD J H Colton & Co New York

Mr Myers the agent of the publishers of this admirable [illegible] is in town, and will offer the work to our citizens. If they desire [illegible] large work, as published [illegible] volumes at $26 00 it can be had [illegible] the publishers are just getting out another edition, giving the same maps [illegible] and the same letter press, printed on [illegible] thus making the work less cumbrous, at $18 00

To those who have seen this splendid specimen of American mapping, we need not say a word. To those who have not, we commend the following, from the report of the American Geographical Society

The size of the Atlas is that known as imperial folio and contains 110 sheets, on which are exhibited 190 maps and plans. The work has been a costly one in its preparation having required an outlay of not less than sixty thousand dollars.

The maps are beautifully engraved and the lettering [illegible] neat and distinct.

[illegible] to the maps the volume contains sheets of letter press [illegible] descriptive [illegible] have been compiled with care and present a very large amount of valuable statistical information condensed into a small compass. It also presents six or eight maps of the world showing the prominent features of its physical geography.

As [illegible] great care appears to have been taken in obtaining the latest and most correct information [illegible] Eastern Hemisphere. We have seen no atlas that can rival it in this department.

As to the Western Hemisphere and particularly North America, it is decidedly (in our view) superior to anything yet published. In the department of the United States it is exceedingly minute and accurate. No pains have been spared to make it so. All former maps, personal exploration, a very extensive correspondence, a thorough examination of the original documents, maps and reports in the offices of the General Government, books of travels, etc have been resorted to, to make the work what it should be

The result has been the best Atlas of the United States ever yet published and one which may safely be resorted to by the geographers of the other hemisphere. There will be found county boundaries and towns in all the States of the confederacy, [illegible] towns, railroads completed, projected and in progress up to this time and plans of most of the large cities and towns

To this part of the work the Committee would particularly refer with pride, as affording evidence of the progress we are making in geographical science, and of the artistic skill which our country possesses in map engraving and printing

## CALEB WALL.

### City Land Office.

THE GREAT AND EXTENSIVE sale of Lots in Kilbourn City I would remind all capitalists and all who wish to secure themselves a home in one of the most important cities on the Wisconsin river to attend the sale of lots in said city which commences on the 1st day of October and continues three days. I do sincerely believe that there is no property that has been offered for a long time in the State of Wisconsin which offers so great inducements as the said property Kilbourn City

All will please remember that it is a great and important point where the La Crosse & Milwaukee Railroad Depot centres which road will prove the most important and most profitable road in this great and flourishing State

The terms of Sale of the lots are very easy indeed, ¼ cash balance in 1, 2, 3 years with 7 per cent interest

The cars leave the La Crosse Railroad Depot every morning for Beaver Dam from where you take Stage conveyance to Kilbourn City, which place the cars will run [illegible] three or five [illegible]

Sale is for cash

### CITY AUCTION ROOM

AUCTION SALE of valuable business property in the Fifth Ward on Saturday morning, the 11th day of October next, at 10 o'clock A M. I will sell on the premises the following described property: lots 90 feet front, on 140 feet deep, being lots 1, 2, 3, 4 and part of lot 5 in block 4 or as it better known as the lots occupied by the Menomonee Locomotive Works. This property should have been laid off into business lots long before this but could not be obtained. The purchaser of the lots has been induced from the demand to give to all an opportunity to purchase the said property for the purpose it always was intended. These lots are on Reed street. If any one will take the trouble to go along Reed street, they will find as handsome and as large brick stores building as there are on East Water st. This Reed street is bound to be and must be the business street of the 5th Ward. The Menomonee Bridge crosses immediately at the commencement of it, most all of the Railroad Depots are immediately opposite. The Menomonee River which is opposite, will and must be the principal river for all business purposes. Much might be written in favor of this valuable property but if all would go and look and examine the situation and locality of all business around it. You can come to no other conclusion than that this is the spot for business in the Fifth Ward. And so far as my judgment goes the Fifth Ward will and must be one of the principal and the most important Wards in the city of Milwaukee

The terms of this sale are very easy, 10 per cent down on the day of sale 20 per cent in sixty days 20 per ct in one year 25 per ct in two years 25 per ct in three years at 7 per ct interest

The amount of machinery tools &c &c, cost upward of twenty thousand dollars but it will be sold for whatever it will bring. All who are engaged in such establishments had best be on hand
